STATE HEALTH MEN MEET IN PALATKA FOR 1923 SESSION

Palatka Delegate Landed
Convention Over All
Contestants

The next meeting of the state health and sanitary inspectors is to be held in Palatka, and the date will be immediately prior to the opening session of the legislature.

These arrangements were definitely agreed upon at a meeting just closed at Tampa, and the selection of the location for the session was brought about through the clever work of the delegate from Palatka, Dr. George S. Davis, who holds the local position of health and sanitary inspector. When the matter of selecting a city for the next session came before the meeting it was found that a half dozen cities were in the running, and it required quick action upon the part of the Palatka delegate to make a safe landing. He succeeded in his plans, and it is thought that from forty to fifty delegates will be present at the meeting in March.

The meeting at Tampa, including a one-day session at St. Petersburg, proved of inestimable value to each delegate, and the many valuable papers read by those eminent in their several lines brought out discussion and information which will have good results.

The score card committee was approved for the work that has followed the introduction of the system, both for fruit and drink stands, markets, groceries, and hotels. Regarding the latter there was an excellent talk given by Jerry W. Carter, hotel inspector, and others testified as to improved conditions which have been brought about by the plan.

The need of a state dairy inspector was discussed at length, and the matter of tick eradication throughout the state was dwelt upon; while there was expressed upon the part of each attending delegate the intention of strictly enforcing every law which tends to better conditions. There was also appointed a committee to advance desirable legislative features in connection with the enlargement of the state health laws.

Speakers laid such emphasis upon the need that a larger sum than heretofore should be appropriated by legislative enactment, in order that the sanitary departments may carry out in scope and the closer work will be prosecuted. To this end there

DUVAL RESERVES BEAT CRIPPLED PUTNAM ELEVEN

Captain Jarrett Out of
Game For Rest of
Season

Crippled by the absence of four of their regulars at the very beginning of the game, and the forced retirement of two others before the contest was over, Putnam High lost a one-sided game to the Duval High school Reserves yesterday afternoon by a score of 31 to 0.

The visitors scored a touchdown and field goal in the first quarter, were held in the second, scored another touchdown in the third after Captain Jarrett had been forced to retire with a broken foot and two more in the fourth quarter when more than half of the regular team was out of action.

The first score made by the visitors was the result of costly fumbles by Putnam, losing the ball on their own fifteen yard line from where a series of line plunges put it over in five tries. Duval missed goal.

The missing stars from Putnam's line in the opinion of fans, would have given the Putnam eleven the edge over the visitors. Currie was absent from the backfield, and it became necessary to bring Bruce back from end and use him in the backfield. Leverett was absent from the other end and Knighton went in to fill his place. Trombley was absent from the line-up and Ridaught did not get back in time to help his team mates out in the line. In the third quarter Jarrett was so badly injured that he was forced to retire and the last hope of the locals' scoring went glimmering when Bell went out in the fourth quarter.

Despite this big handicap Putnam high fought valiantly, and stopped the heavy plunging backs of the Duval boys time and time again. Bell raised the fans to their feet in the second half when he received the kick off and ran the ball back sixty yards before he was downed. Again in the third he reeled off twenty-five yards on the kickoff.

Duval played a steady, pounding game, rather preferring line attacks, depending on their heavy backfield and still heavier line. They did not use a single forward pass until the second period, but thereafter seemed to have more confidence in them and used them frequently to good advantage. Putnam could not use passes with her star serial attackers out of the fray. Fans hope that another

PALS SMOTHER ST. AUGUSTINE STARS IN A HARD BATTLE

Vickery Intercepts Forward Pass and Runs
80 Yards to Goal

Pals 19, Saints 0. It reads like some of last summer's baseball scores but it wasn't. Yes, Callahan was in the line-up, but Cally wasn't hitting 'em over the centerfield fence with three on as he did in the last game of the season, but was handling the pigskin at quarter for the Pals All-Star football eleven against the St. Augustine eleven.

It was a great game of football, the Pals showing startling improvement over the game they played against Stetson. The line had been materially stiffened, and although outweighed many pounds to the man, was like a stone wall on defense.

The feature of the game was Vickery's eighty yard run for a touchdown through the entire St. Augustine team after he had intercepted a forward pass. Tenney's interference on this run was a flash of his old time brilliance. Callahan also made a brilliant dash of twenty-five yards for the third touchdown and Jerry Dulmage cut loose some of his speed when given the ball for a dash around left end. He outdistanced the speedy Case and other would-be tacklers.

The Pals are showing some splendid football as a result of the night practices recently. The work the game can be arranged between the teams to demonstrate what the Putnam boys can do.
